(Stock code: 1848)

**DISCLOSEABLE TRANSACTION
IN RELATION TO THE PURCHASE OF TWO AIRBUS AIRCRAFT**

THE AIRCRAFT PURCHASE AGREEMENT

The Board is pleased to announce that on 31 December 2015, CALC (BVI), a wholly owned subsidiary of the Company, and Airbus entered into the Aircraft Purchase Agreement, pursuant to which CALC (BVI) agreed to purchase the Airbus Aircraft from Airbus. The Aircraft Purchase Agreement was executed in a form of amendment agreement to the 2014 Aircraft Purchase Agreement dated 1 December 2014.

IMPLICATION OF THE LISTING RULES

Since the 2014 Aircraft Purchase Agreement was executed more than 12 months before the Aircraft Purchase Agreement, no aggregation is required pursuant to Rule 14.22 of the Listing Rules. As the applicable percentage ratio of the Aircraft Purchase Agreement is above 5% but below 25%, the acquisition constitutes a discloseable transaction of the Company and is therefore subject to the reporting and announcement requirements but exempt from Shareholders' approval requirements in Chapter 14 of the Listing Rules.

BACKGROUND

The Board is pleased to announce that on 31 December 2015, CALC (BVI), a wholly owned subsidiary of the Company, and Airbus entered into the Aircraft Purchase Agreement, pursuant to which CALC (BVI) agreed to purchase the Airbus Aircraft from Airbus. The Aircraft Purchase Agreement was executed in a form of amendment agreement to the 2014 Aircraft Purchase Agreement dated 1 December 2014.

THE AIRCRAFT PURCHASE AGREEMENT

Date: 31 December 2015

Parties

- (1) CALC (BVI), as purchaser; and
- (2) Airbus, as vendor.

To the best of the Director's knowledge, information and belief and having made all reasonable enquiry, Airbus and its ultimate beneficial owners are third parties independent of the Company and its connected persons.

Aircraft to be acquired: Two Airbus A320-200 CEO series aircraft

Consideration

The aggregate list price for the Airbus Aircraft (which comprises the airframe price, optional features price and engine price) is approximately US\$194 million (equivalent to approximately HK\$1.51 billion).

In accordance with customary business and industry practice, Airbus granted CALC (BVI) significant price concessions with regard to the Airbus Aircraft to be purchased. Such price concessions were determined after arm's length negotiations between CALC (BVI) and Airbus. As a result, the Consideration for the Airbus Aircraft to be purchased is considerably lower than the list price mentioned above for such aircraft. The Directors confirm that the extent of the price concessions granted to CALC (BVI) under the Aircraft Purchase Agreement is the same as the price concessions that CALC (BVI) had obtained under the 2014 Aircraft Purchase Agreement. The Company believes that there is no material impact of the price concessions obtained under the Aircraft Purchase Agreement on the operating costs of its fleet and the aircraft financing amount of the Airbus Aircraft will be reduced due to the lower aircraft purchase price to be financed.

CALC (BVI) is subject to a confidentiality obligation under which none of the terms of the Aircraft Purchase Agreement can be disclosed to any third party without the written consent of Airbus. For the purpose of the disclosure obligations of the Company normally required under Chapter 14 of the Listing Rules, the Company has obtained such consent save for the Consideration.

It is normal business practice in the global airline industry to disclose the aircraft list price, instead of the consideration for aircraft acquisitions. Disclosure of the Consideration will result in the loss of the significant price concessions and hence will have a significant negative impact on the costs of the Company incurred in undertaking the purchase and will therefore not be in the interests of the Company and the Shareholders as a whole.

The Company has applied to the Stock Exchange for, and the Stock Exchange has granted, a waiver from strict compliance with Rules 14.58(4) and 14.66(4) of the Listing Rules in respect of the disclosure of the Consideration.

Payment and delivery terms

The Consideration will be partly settled from the Group's internal resources and partly by financing arrangements with banking institutions.

It is estimated that the Airbus Aircraft will be delivered to the Company in November 2016.

The Consideration for each of the relevant Airbus Aircraft will be paid according to its respective delivery schedule, with the two instalments to be paid prior to delivery of each Airbus Aircraft (the "**Pre-delivery Payment**") and the balance, being a substantial portion of the Consideration, to be paid upon delivery of each of the Airbus Aircraft. The Pre-delivery Payment is a progress payment to be made by the Company to Airbus at different milestones when the new aircraft ordered by the Company are being built. It represents 30% to 40% of the Consideration which is consistent with the historical purchase of aircraft with Airbus.

Source of funding

The Consideration will be funded through commercial bank loans, pre-delivery payment financing and the Group's working capital. It is expected that the percentage of the Consideration to be funded by bank loans and/or financing and the Group's working capital to be consistent with the Group's policy to maintain gearing ratio at below 95%.

In respect of the Airbus Aircraft, the Group is in discussion with various banks to obtain new pre-delivery payment financing and long-term bank borrowings. However, as at the date of this announcement, no formal agreements have been reached on the pre-delivery payment financing and long-term bank borrowings.

REASONS FOR ENTERING INTO THE AIRCRAFT PURCHASE AGREEMENT

The Directors are of the view that completion of the Aircraft Purchase Agreement is not only in line with the growth strategy of the Group, but also demonstrates the ability of the Group to source new aircraft to match customer demand under dynamic market conditions.

Currently, the Group owns and manages a fleet of 63 aircraft as at the date of the announcement. The Group now planned to acquire two more aircraft in response to the strong airline customers' demand of the Group's aircraft in 2016. The Group is in active discussion with various airline customers for the Airbus Aircraft, but as at the date of this announcement, no formal lease agreement has been reached.

All principal terms and conditions of the 2014 Aircraft Purchase Agreement shall apply to the Aircraft Purchase Agreement, unless otherwise agreed by the parties. The Directors consider that the terms of the Aircraft Purchase Agreement are fair and reasonable and in the interest of the Shareholders as a whole.

INFORMATION ABOUT THE GROUP AND AIRBUS

The Group is principally engaged in aircraft leasing business.

To the knowledge of the Directors, Airbus is principally engaged in the business of aircraft manufacturing and selling aircraft.

IMPLICATIONS OF THE LISTING RULES

Since the 2014 Aircraft Purchase Agreement was executed more than 12 months before the Aircraft Purchase Agreement, no aggregation is required pursuant to Rule 14.22 of the Listing Rules. As the applicable percentage ratio of the Aircraft Purchase Agreement is above 5% but below 25%, the acquisition constitutes a discloseable transaction of the Company and is therefore subject to the reporting and announcement requirements but exempt from Shareholders' approval requirements in Chapter 14 of the Listing Rules.
