AIRCRAFT SALE AND PURCHASE AGREEMENT

The Board is pleased to announce that on 21 December 2017 (after trading hours), the Company, through its wholly-owned special purpose vehicle, entered into the Aircraft Sale and Purchase Agreement with Jetstar Pacific Airlines, pursuant to which the Company agreed to purchase one Aircraft from Jetstar Pacific Airlines and Jetstar Pacific Airlines agreed, among others, to assign to the Company its right to take delivery of the Aircraft from Airbus pursuant to the Original Purchase Contract. The Aircraft will be leased back to Jetstar Pacific Airlines subsequently.

Date: 21 December 2017

Parties

- (1) the Company, through its wholly-owned special purpose vehicle, as the purchaser; and
- (2) Jetstar Pacific Airlines, as the vendor.

Subject in the Transaction: the Aircraft

Consideration

The list price of the Aircraft (which comprises the airframe price, optional features price and engine price) is approximately US\$99 million (equivalent to approximately HK\$772.2 million).

In accordance with customary business and industry practice, there is a significant difference between the list price of the Aircraft and the Consideration. The Consideration was determined on an arm's length basis between the Company and Jetstar Pacific Airlines, taking into account the terms and conditions of the Transaction as a whole and with reference to market conditions.

Based on the Company's industry understanding, the difference between the Consideration and the list price of the Aircraft is a result of many different factors, the most important of which is that a purchaser of a new aircraft from a manufacturer would usually be granted a significant discount against the list price by the manufacturer. Based on the Company's industry understanding, the discount against the list price granted by a manufacturer to an aircraft purchaser is commercially sensitive information and is usually determined on the basis of certain variables and after arm's length negotiations between the aircraft purchaser and the manufacturer.

Based on the Company's industry understanding, the Company believes that the difference between the list price of the Aircraft (after discount against the list price that the Company had obtained in previous purchases of new aircraft) and the Consideration is not material. The Company believes that the price difference between the list price of the Aircraft (after the abovementioned discount) and the Consideration has no material adverse impact on the Company's future operating costs taken as a whole.

The Company is subject to a strict confidentiality obligation with regard to the Consideration for the Aircraft under the Aircraft Sale and Purchase Agreement. Jetstar Pacific Airlines would not have entered into the Aircraft Sale and Purchase Agreement with the Company if the Company was required to disclose the Consideration, and it is also likely that the Company would not be able to enter into similar future transactions with Jetstar Pacific Airlines. Any such disclosure would therefore not be in the interests of the Company and the Shareholders as a whole. For the purpose of the Company's compliance with its disclosure obligations normally required under Chapter 14 of the Listing Rules, the Company has sought and obtained consent from Jetstar Pacific Airlines to disclose the terms of the Aircraft Sale and Purchase Agreement other than the Consideration.

In addition, Jetstar Pacific Airlines is subject to a strict confidentiality obligation with regard to the purchase price of the Aircraft under the Original Purchase Contract with Airbus, and the Company will become subject to the same confidentiality obligation of not disclosing the pricing information in relation to the Aircraft when it proceeds with the Transaction. Disclosure of the purchase price of the Aircraft under the Original Purchase Contract could result in the loss of the significant discount against the list price that may be granted by Airbus to Jetstar Pacific Airlines and the Company for future purchases and could therefore adversely affect the business operation of the Company.

The Company has applied to the Stock Exchange for, and the Stock Exchange has granted, a waiver from strict compliance with Rule 14.58(4) of the Listing Rules in respect of disclosure of the Consideration.

Payment and delivery terms

The bulk of the Consideration for the Aircraft will be paid in December 2017 and the balance will be paid in January 2018 upon completion of the purchase of the Aircraft.

Source of funding

The Consideration will be partly settled from the Group's internal resources and partly by financing arrangements with banking institutions.

REASONS FOR ENTERING INTO THE TRANSACTION

The Directors are of the view that completion of the Transaction is in line with the Group's business expansion plan and globalisation strategy. The purchase-and-leaseback arrangement enables the Group to expand its fleet while securing long-term leases, through which the Group provides flexible solutions to cater to airline customers' fleet plan.

The Directors confirm that the Aircraft Sale and Purchase Agreement has been entered into by the Company in the ordinary and usual course of business and that the Transaction will have no material adverse impact on the Company's operations and financial position. The Directors consider that the Aircraft Sale and Purchase Agreement is on normal commercial terms and is fair and reasonable and in the interest of the Company and the Shareholders as a whole.

INFORMATION ABOUT THE GROUP AND JETSTAR PACIFIC AIRLINES

The Group is principally engaged in global aircraft leasing business and owns a fleet of 105 aircraft as at the date of this announcement.

To the knowledge of the Directors, Jetstar Pacific Airlines is principally engaged in the business of civil aviation services.

To the best of the Director's knowledge, information and belief and having made all reasonable enquiry, Jetstar Pacific Airlines and its ultimate beneficial owners are third parties independent of the Company and its connected persons.

IMPLICATIONS OF THE LISTING RULES

As the applicable percentage ratio under Rule 14.07 of the Listing Rules for the Aircraft Sale and Purchase Agreement is above 5% but below 25%, the Transaction constitutes a discloseable transaction of the Company and is therefore subject to the announcement requirement under Chapter 14 of the Listing Rules.
